Open house: Touchmark to host preview of fourth, final neighborhood in Prairieview Memory Care Residences

Sunday, July 24 from 1 to 4 pm

Cedar Court is the final neighborhood to open in Prairieview. There are only 12 homes available. Open-house visitors will have the opportunity to select the home of their choice, visit with families of current Prairieview residents, and meet with staff to learn more about Touchmark's "Best Friends" approach to memory care.

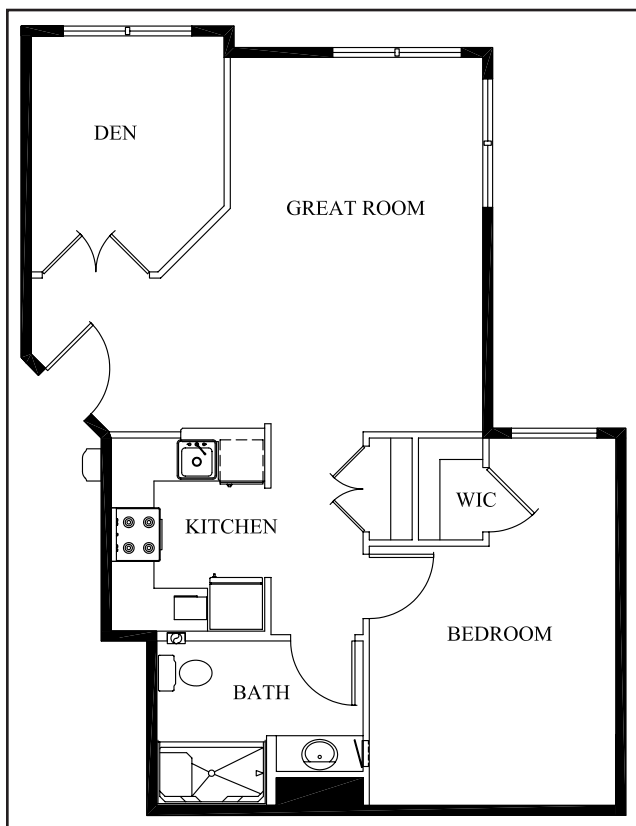

Prairieview includes 50 private studios, divided into four neighborhoods. Each neighborhood has its own kitchen and dining area, living room, space for activities and access to a secure outdoor courtyard. A beauty salon/

“The design philosophy in developing the Touchmark Prairieview Memory Care Residences is very person-centered,” says Jamie Ham, executive director, Touchmark at Coffee Creek. “This is residents’ home, and because of the nature of Alzheimer’s and other age-related dementia, it’s important that the spaces are warm, inviting, and feel like home.” ■
