STILLWATER BANK FINANCING \$30 MILLION RETIREMENT COMMUNITY IN NORTH EDMOND

(EDMOND, Okla.) – A \$30-million active adult community is under construction in north Edmond, with financing provided by Stillwater National Bank & Trust Company. Touchmark at Coffee Creek is expected to open next summer and will provide approximately 160 homes and apartments in phase I. Stillwater National Bank's Senior Vice President Doug Morris worked with Touchmark on the financial package.

The 25-acre retirement community is part of the 638-acre Coffee Creek planned residential development and golf course. It is adjacent to The Village Center at Coffee Creek, which includes dental, medical and retail offices. Less than a mile away is The MAC at Mitch Park, which is a new Edmond senior center to open in January. The three-story main building, called the Grandview, will have approximately 89 independent living and 16 assisted living apartments, said Marilyn Kreidler, executive director of Touchmark at Coffee Creek.

"We are also ready to break ground on the first of our 56 single-family homes to be built, called Parkview. The homes will vary in size from 1,600 square feet to more than 2,000 square feet and will have park and pond views," said Kreidler. Landmark Construction Group, Inc. is general contractor for the Grandview, which will include a variety of dining options, housekeeping services, scheduled transportation, in-house banking, bistro, ice cream parlor,

- more -

beauty and barber salon, convenience store, billiard and game room, exercise facilities, library, multipurpose room, home care and chapel, Kreidler said, noting that her favorites are the inclusion of an underground parking garage and storm shelter. Guest rooms for visitors will also be available.
