### **“Set your sights on vision screening”**

EDMOND, Okla. – According to the National Institutes of Health, approximately 2.2 million Americans have been diagnosed with glaucoma. Many vision challenges, such as glaucoma, occur without warning. To help people identify vision problems, Touchmark at Coffee Creek is offering vision and glaucoma screenings from 9 to 11:30 a.m., Thursday, July 17.

There is no charge for the screening, but individuals need to call (405) 340-1975 and schedule a convenient time. Chase Hunter, O.D., and professionals from Better Vision Ahead are providing the services. In addition to screenings, they will clean eyeglasses and present a video about vision challenges.

Open to the public, the event will take place at 2801 Shortgrass Road in north Edmond. For more information, contact Life Enrichment/Wellness Director Cathy Bird at (405) 340-1975.

“Offering wellness services, such as this vision screening event, is another example of Touchmark’s ongoing commitment to enhancing the health and well-being of people,” says Touchmark Life Enrichment/Wellness Director Cathy Bird.

Touchmark offers a wide range of homes and lifestyle options. It is located just north of Covell Road between Broadway and Kelly. For more information, contact Touchmark at (405) 340-1975 or visit Touchmark’s Web site at [TouchmarkEdmond.com](http://TouchmarkEdmond.com).
